

We'll sing of the Shepherd that died

(ELLAND. 8.8.8.8. DACTYLIC)

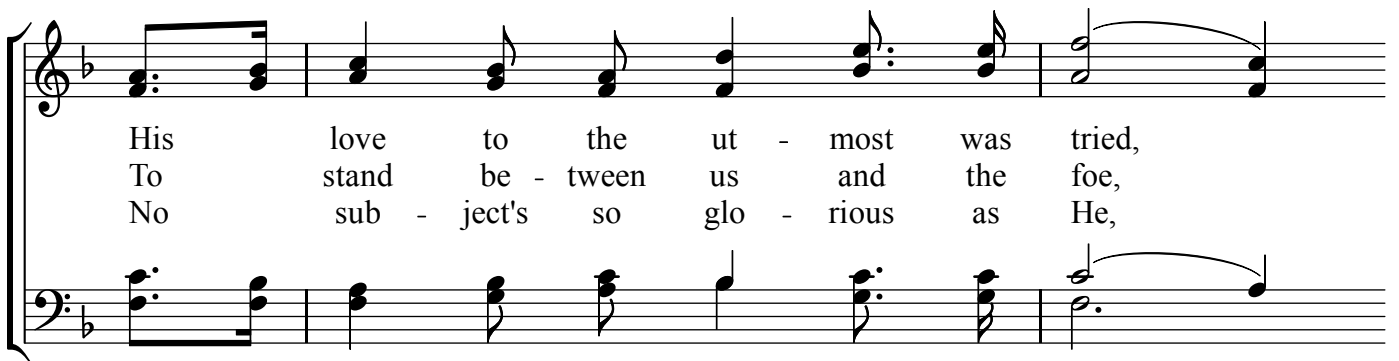

$\text{♩} = 80$

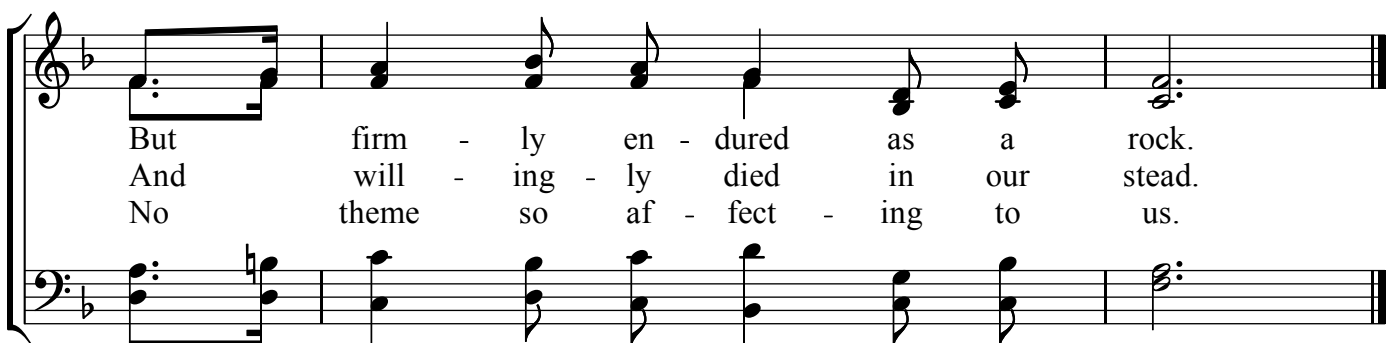

1. We'll sing of the Shep - herd that died
 2. When blood from a vic - tim must flow,
 3. Our song then for ev - er shall be

That died for the sake of the flock ;
 This Shep - herd, by pi - ty, was led
 Of the Shep - herd who gave Him - self thus :

His love to the ut - most was tried,
 To stand be - tween us and the foe,
 No sub - ject's so glo - rious as He,

But firm - ly en - dured as a rock.
 And will - ing - ly died in our stead.
 No theme so af - fect - ing to us.

4. Of Him and His love will we sing,
 His praises our tongues shall employ,
 Till heavenly anthems we bring
 In yonder bright regions of joy.
